I'm really enjoying this game, it reminds me the first time I played Zelda \u201ca link to the past\u201d: a very unique, classic/Voldschool rpg experience with beautiful music, great landscapes\enviorment and epic boss fights. The combat mode on a steam-pad is very intuitive and in combination with the character customisation options and the abundant loot, this game made me lose sense of time. I\u00b4m very eager to get deeper into this world, solve more quests and to see things getting darker and darker! :D

Overall it\u00b4s a very unique gaming experience, I can\u2032t wait this juwel to grow and looking forward for more DLCs!
